

Accelerated Learning Courses

These are intensive English programmes enabling accelerated learning in professionally-focused small groups of just four or eight students. Lessons enhance general fluency and focus on Business English. The course is ideal for anyone, including professionals, wanting a more individually-focused lesson format for rapid progress and lasting results.

COURSES ■ Pro-4 (four students per class) Pro-8 (eight students per class)

Small, focused classes – for individual results

The main feature of the Pro-4 or Pro-8 course is in the name – classes are kept to a maximum of just four or eight students to ensure you achieve optimum development as quickly as possible.

Flexibility – the key to success

This course has the flexibility to meet your individual needs. You can choose to study from as little as one week up to the length of time you need. As a member of a small group, there is more opportunity to work on areas of development which you particularly need.

Modern, interactive training methods

Our study methods are highly interactive, with extensive use of role-playing, case studies, discussion groups and cross-cultural analysis of business practices. Our teachers use up-to-date, real-life materials from a variety of media, including video. You will develop a full range of language skills within a professional or business context. The emphasis is on using English fluently and appropriately to achieve effective communication.

Pro-4: personalized tuition with four per class

This course gives you the ultimate in personalized attention within a class format. We will conduct an individual needs analysis to determine the right approach to help you achieve your language objectives.

Pro-8: seminar style with eight per class

Whether you are a professional or simply someone who is looking for a fast-track learning experience, this course is ideal. If you need to make the most of your precious time, the seminar-style class format is a highly effective way to develop your English.

Specialist electives for your career path

Our range of Business English modules will develop the English skills you need to excel in your professional career. They will give you a much greater fluency and confidence in both general business communications and in the more technical areas of your own field.

Outstanding value

A major benefit of this course is that it offers exceptional value. With prices starting at just US\$465 per week for intensive, focused study, it will give you or your company a lasting advantage at an affordable price.
