Learning English with Frances King

We are known as a friendly school and we try to make you feel at home and help you to enjoy your time in London. We will ensure you learn well before, during and after your course in London.

Take an online English test

Anyone can check their language level with our simple online English test. It tests your knowledge of grammar and vocabulary and you receive the result immediately by email. Go to: www.francesking.co.uk and click on "English test".

For registered students

When you have registered for a course you can take our complete placement test. You start by telling us what you think about different aspects of your English and what is important for you. The test then assesses your grammar, vocabulary and writing. When you arrive, you complete the test by speaking with a senior teacher who will then choose a suitable class for you. Taking the placement test online means you will also save time on your arrival in London. If you cannot complete the test before you come to London you can do it on your first day at Frances King.

Frances King Online

When you complete the placement test, you will become a member of our online learning community, Frances King Online. You will receive a report on your level of English, use worksheets to start studying and access language learning tools.

First day

When you arrive, we need to check that we have all your contact details and see your passport or EU ID card. We will try to get you to your class as soon as possible on your first day.

You will receive a student card and "Welcome Pack", including the Frances King Student Guide with information about life in London and how the school can help you, the current social programme, stationery and information about London transport.

Registration in summer

The first day is usually a Monday. In summer we may invite you to come to the school on the Sunday before your first day to save time on Monday and to avoid missing lessons.

Induction meeting

Early in your first week you will attend an induction meeting. You will receive more information and advice about learning English at Frances King, school services and facilities, and health and safety advice.

In the classroom

The emphasis is on spoken communication.

- Grammar and vocabulary is introduced and practised in a systematic way
- Language skill lessons provide practice in listening, reading, writing and speaking

- Most classrooms are equipped with interactive whiteboards
- Teachers spend time getting to know their students and try hard to match the content of the lessons to students' needs
- In most classes your teacher will provide the learning materials you need. If you are taking an examination course you will need to buy a course book and/or practice materials from the school reception.

Progress tests and progress meetings

There are monthly progress tests and regular personal meetings with your teacher to review your progress. You will discuss how to achieve your goals. You will also receive guidance on using our study centres.

Frances King Study Centres

Before or after your class you can use our self-access study centres. Learning activities include:

Internship Programmes

- Combine an English language course with a period of work for a London company
- A challenging way to improve your English and learn new skills
- Suitable for EU students and graduates aged between 18-35
- The objectives of the programme are educational and work is unpaid
- Internships are organised so that students can improve fluency by using English at work

Internships are available in areas such as sales and marketing, administration, tourism, charities, fashion, and foreign trade. Placements may also be available in education, finance, engineering, and law. We ask you to specify 2 different areas in your application – flexibility is needed to find a worthwhile placement.

The exact work you will do depends on your level of education and qualifications, your experience and skills, and your level of English. Internships are generally in small and medium sized companies in London. Job specifications and workloads vary, but you can expect to have your own responsibilities.

All Internships will have some routine activity such as data input and photocopying. There is no salary because the objectives of the programme are educational and offer you a chance to gain professional experience. Some employers pay for daily travel and/or lunch expenses, but this is not guaranteed.

Companies where our students have recently been placed include: Skola International Community School, C5 Events Organisers, Regus, Ringley, Harris Hill Recruitment, Trendstop, Marriott.

Please ask for our Internship leaflet for more information and an application form.

“The lessons were extremely useful to develop my English in both everyday life and professional areas. The school was very friendly and positive. Thanks to the social programme I enjoyed myself very much after school, even at night.”

Eduardo Brandi, Italy

Choice, quality and the best locations in central London

We offer a wide range of carefully selected accommodation to suit your individual budget and needs. Our accommodation staff regularly inspect all our accommodation to ensure that it is clean, comfortable and a friendly, pleasant place for our students to stay.

All our accommodation is:

- Centrally located – uniquely for a London school, all of our accommodation is located in zones 1, 2 and 3 within 10-45 minutes travelling distance of our schools. There are 6 travel zones in London
- In good areas close to underground and mainline train stations and bus routes
- Good value for money – London can be an expensive place to stay and we have negotiated special lower accommodation prices for our students

Accommodation booking dates

Accommodation is booked from a Saturday to a Saturday or a Sunday to a Sunday. 1 week is 7 nights. Outside of the busy summer period, we may be able to book extra nights, but you need to check this with us.

Arrival times

It is not always possible to arrive at accommodation before 07.00 or after 22.00. Please check with us before making travel arrangements.

“My hosts live in a lovely house and it is easy to get to the school – they are very kind and helpful and always help me with my English, correcting me and talking with me every day.”

Margarita Pahlevanyan, Armenia

These are the areas where we have most of our homestays – in zones 1, 2 and 3.

The best way to develop your conversational English skills

You can enjoy the comforts of a private home and immerse yourself in English life and culture. It is also the most cost-effective way of staying in London, with home cooking, pleasant conversation and comfortable surroundings.

Frances King homestay hosts...

- Welcome you and make you feel at home
- Respect your cultural background
- Encourage you to speak English
- Provide a clean and comfortable room with a desk for private study
- Clean your room and provide a change of bed linen weekly
- Do some of your laundry or allow you to use their laundry facilities
- Provide a balanced diet if you choose to take meals
- Provide you with your own house key

Convenient locations

All our standard and superior homestays are in good residential areas of central London in zones 1, 2 and 3, within easy reach of our schools by underground, bus or mainline train. Our executive homestays are in zones 1 or 2 all year. London is a large city so you can expect to spend at least 20-45 minutes each day travelling between your homestay and Frances King (and possibly longer during the summer months). Your host will explain the best way to travel to the school and help you to buy a Travel Card.

A choice of meal plans

- Private home – no meals, but use of kitchen
 - Standard and superior – choose from breakfast only OR 4 dinner plan (breakfast daily and dinner from Monday-Thursday) OR half board (breakfast and dinner daily)
 - Executive – choose from breakfast only OR 3 dinner plan (breakfast daily and dinner on 3 evenings per week, arranged with homestay hosts)
- Use of kitchen is only available in Private Home accommodation (B1).

Internet and telephone

Internet access (WIFI) via your own laptop is possible in some homestays and students need to request this at the time of booking. Not all families have Internet access (WIFI) – we will do our best to arrange this for you. Students can receive incoming calls on the homestay telephone.

Other students

There may be other students in a homestay, but no more than four in total. Two people may book together but otherwise there will be no other students who speak your language. There may be more than four students in private home accommodation.
