# Welcome!

Improve your English, enjoy fun activities and make friends at LSC Summer 2013!

Welcome to LSC Summer! In this brochure you can find out more about the English language and activity programmes that we offer to young people in three different locations in the UK.

At LSC, we are committed to making your stay with us educational, safe, and most of all enjoyable. At LSC Summer, we design our programmes so that you can develop your English language skills and have the opportunity to visit some of the most famous and interesting cities and attractions in the UK. At the same time, you will be able to practise your English during our exciting organised activity programme with students from all over the world.

## Learning English

- > Maximum class size 15
- > Placement test on first day
- > Specialist teaching materials for young learners included
- > Weekly tests to monitor student progress
- > Written project about UK experience to take home and share with parents
- > End of course certificate

We believe that students learn much more if they are enjoying their lessons, so we make sure that our classes are always interactive, educational and fun. The courses are designed so that rapid progress can be made in a short time.

You will have the opportunity to speak as much as possible including practise in pairs, small groups and with the whole class. You will practise reading and writing through course books and diary writing.

# A day in the life

What really happens at LSC Summer!

**LSC**  
London Study Centre  
Summer 2013

**“There is no time to get bored! Every day we are doing new and different things!**

## Time to get up

I wake up quite early and go to breakfast with other students between 0730-0830 in the dining room. The food is good: there are bread rolls, slices of cheese and cold meat, cereal, fruit and drinks like coffee, tea or fruit juices. The English call this a “Continental Breakfast”! Then they make me go back to my room to tidy. I don’t like this, but I have to do it!

## In class

We have English lessons with our teacher in the classrooms. They start at 0900 and finish at 1245. We have lessons of 45 minutes and then we have a break for 15 minutes. The lessons are good and the teacher is fun. We practise all of the main areas of English: speaking, listening, reading and writing, and we play games and work in small groups, so the lessons are quite varied. The teacher makes sure that we are having fun as she says this is the best way for us to learn.

## I’m hungry!

Lunch is in the dining room, with a main meal and a dessert. When we go on trips, like to London or Harry Potter, we get a packed lunch to take with us.

## Time to have some fun

Then, in the afternoon, we do activities or excursions. When we do activities, we play outdoor games like football, tennis, netball, rounders, even tag rugby and cricket, and we also go to the sports hall to play things like basketball and badminton. There is always a LSC leader who goes with us to do the activities. When we do excursions, we travel by train or bus and go to see the attractions. Sometimes we go on guided walks around London, which are really good because you can see lots of different famous places. London is really big!

## I’m hungry again!

We come back and have dinner in the dining room at around 1800. We have a main meal and a dessert, and then we go and do more indoor activities like film nights, discos, karaoke and on the last day we have a camp fire with our LSC leader.”
