

Application procedure

Before being enrolled, all applicants need to complete an enrolment form, successfully complete an enrolment 'test' and attend an interview (if a personal interview is impractical this can be done by phone).

There is considerable demand for places on certain programme dates. You are welcome to phone in and enquire about availability. Please contact us for further details and an application pack.

Programme content

- Input sessions based upon specifications for CELTA produced by the University of Cambridge covering: language analysis, lesson and course planning, classroom management techniques and strategies, teaching techniques, resources and materials, and professional development
- Supervised teaching practise with adult students in specially organised classes
- Lesson observation of experienced teachers within our schools.
