## Introduction

...to Abbey Summer & Easter Courses...

Since 1969, Abbey College has been running high-quality, all inclusive Easter and Summer English language courses. These programmes provide an excellent opportunity to combine learning English with the benefit of activities, cultural excursions and sports tuition in a fun, residential environment.

Our outstanding fully residential 70 acre (28 hectare) campus in central England has everything students need in one of the safest locations in the country.

The exciting and varied programme ensures students have something to do from the time they wake up until they go to bed.

We welcome students from all over the world to one of the largest residential summer schools in England, ensuring Abbey College provides an excellent international atmosphere.

We also run English All Year, GCSE, A Level and University Foundation / Access courses at our colleges in London and Malvern. For details please ask for our separate brochures.

### Our fees include...

Our fees include the following for every student:

- Group tuition (minimum of 16 hours per week)
- Standard accommodation
- All on-campus meals
- Two full day organised excursions per week
- Weekly laundry
- All course materials
- Internet, library and self-access facilities
- Additional conversation classes
- All mainstream on-site activities and social events (up to 30 per week)
- An Identification Card
- End-of-course certificate and teacher's report

Some additional options are available which do cost extra, such as room upgrades, private lessons and additional excursions.

## Location

The site of Abbey College lies on the lower slopes of the Malvern Hills in central England. The region contains some of England's loveliest countryside. The college itself is part of a government-recognised "area of outstanding natural beauty".

The town of Malvern, with a population of around 40,000, is statistically one of the safest towns in the whole of the U.K., and is a cultural centre in its own right. Students with us are living and learning away from the dangers and distractions of many big cities.

The cathedral cities of Worcester, Hereford and Gloucester are within an hour, with Cheltenham, Stratford, Birmingham, Bath and Oxford also close by. London is 2½ hours away by car or direct train.

### Airport Transfers

Group and individual airport transfers are available. Please see our website for details. At least three days written notice is required for airport transfers.

### Excursions

Two full day excursions each week are included in the price for all courses. These are prepared and supervised by our staff, with under 16's always accompanied. Students normally receive a briefing from teachers during the week about the cities they will visit, with further information available in the library.

### Examples of included trips:

Cheltenham, Worcester, Bath, Bristol, Hereford, Cardiff, Gloucester, Oxford, Stratford-upon-Avon and London.

Optional trips (additional charge), Cadbury's Chocolate Factory, Warwick Castle, disco, cinema, bowling, theatre, leisure centre and ice skating rink. Please see our website for optional excursion costs.

## Welfare

As hosts to a fully residential international community the issue of welfare is extremely important to us.

Our Student Services department is run by experienced staff who are responsible for every aspect of student health and well-being, as well as accommodation and transport.

The college employs a school matron to deal with health matters, and students may visit local doctors when necessary.

The college welcomes students from all religions. Special arrangements can be made for the observance of any religion, respecting the wishes of parents. All under 18's are individually checked into their bedrooms at night and woken up for breakfast in the morning. There is always at least one member of staff in residence in every house containing under 18's.

### Accommodation

Various types of accommodation are available, to suit different requirements. The vast majority of students choose to stay on campus in one of our residential houses, divided by age and sex. Homestays, superior and self-contained apartments are also available for an extra charge. All adults over 21 are guaranteed single rooms, with single or twin rooms for those aged 18-20. Shared bedrooms are the most popular choice for Teens and Children. These are normally in 4 bedded rooms, with some in 6 bedded rooms. Bunk beds are provided for these students. The standard of the accommodation is clean and comfortable but fairly basic, since students spend very little time in their rooms due to the full programme we provide. Students normally share rooms with students of a different nationality to produce an international mix. A weekly laundry service is provided.

### Meals

Three meals are provided daily on campus during the week, for all students, except on full day excursions, and are included in the fees. Brunch may be offered as an alternative to breakfast and lunch at weekends.

Care is taken to provide not only a balanced diet but also meals that suit international tastes in general. Vegetarian and other special diets, including religious dietary requirements, are catered for upon request and a choice is always available.

Facilities exist on campus for students to purchase food and drink outside of meal times.

## Lessons & Activities

The day after arrival students take a written test and are placed in classes according to age and English language ability.

EFL teachers teach general English, involving the key skills of reading, writing, listening and speaking. A new topic and grammar point are introduced every week, allowing new students to start afresh from the week they arrive. Lessons tend to focus on communication skills.

All students receive at least 16 hours per week in class, with adults receiving over 20 hours.

Additional conversation classes can be taken on some days, free of charge, for any student, in addition to activities. The maximum class size is 16, with 12 being the average. At the end of the course every student receives an Abbey College certificate, together with a teacher's report on his or her progress.

### Private Lessons

The college offers optional private lessons at an hourly rate for students who wish to spend more time with teachers. It is also possible to study academic subjects such as Mathematics, Art or Computing in this way – please ask us for details.

### Activities, Sports & Facilities

One of the greatest advantages of Abbey College is our magnificent campus, which is one of the most spacious in the country for a privately owned residential language school. 70 acres (28 hectares) of private grounds include a well-stocked library, computer rooms (for academic and personal use), 15 classrooms, common room areas, a multi-gym and various other specialist rooms.

### Supervised Sports, Activities & Social Events ...

The following supervised sports, activities and social events are available on the college campus:

- Outdoor swimming
- Tennis
- Basketball
- Football
- Badminton
- Volleyball
- Archery
- Fencing
- Unihoc
- Softball
- Ultimate frisbee
- Bouncy castle
- Aerobics
- Dancing
- Weight training
- Table tennis
- Table football
- Art
- Music
- Drama
- Discos
- Karaoke
- Cabaret / shows
- Campfires
- Barbeques
- Themed parties
- Quick cricket
- Sumo wrestling

There are other activities available in close proximity to the college which can be arranged for an additional charge, (please see our website for details) including horse riding, golf, hill walking, indoor swimming, squash, climbing, canoeing, bowling, go-karting and paintball. The provision of all activities varies according to student age, numbers and the time of year.

# For All Ages

## Adults

(18+ Years)

The Adult programme combines the benefits of our facilities and excursions with lessons in small class sizes, appropriate for the mature student. Students can either join activities with our younger students or choose from a variety of leisure interests to them, organised by the Adult Activities Coordinator.

## Teens

(12 - 17 Years)

Our Easter and summer courses enable teenagers to improve their English language skills, to experience life in Britain and to participate in fun and social activities with a wide variety of friends from our international community. Mature students over 16 may on occasion be moved to adult classes.

## Children

(8 - 11 Years)

For the youngest students we provide an opportunity to learn English in a highly structured and closely supervised environment. Teachers, activity leaders and welfare staff are all chosen for their ability to deal sympathetically with young students. Children can improve their English, participate in special activities, make friends and enjoy life in England in a friendly and safe atmosphere.

## Courses for Families

The English courses and facilities available at Abbey College offer an opportunity for whole family to enjoy a holiday in England, while at the same time participating in a well organised programme of English lessons, social activities and cultural excursions.

## Courses for Groups

An increasingly popular way of studying languages abroad is for groups of students of any age, from the same country, to travel and stay together as a group. In this way they gain all the benefits of being with friends and a group leader whilst at the same time mixing with our many nationalities on-campus. Group bookings also allow us to create tailor-made courses for each group, depending on what they want. Please contact us for further details.

## London and Malvern Dual Centre Courses

These courses are available for groups who wish to divide their time between our two colleges (Malvern and London). Please contact us for further details.

### Interested in an Academic Course?

- GCSEs
- AS/A Levels
- Foundation Courses
- Pre Masters
- English All Year

Abbey College offers a variety of academic courses in Malvern and London. Please visit our website or ask us for our academic brochures.
