I really like the beautiful building and the nice café. The central location is perfect, too. Everything is so near! It's just a few minutes walk to the British Museum, Covent Garden, shops, theatres, tube and London parks.

Where you learn is vital in ensuring you get the best from your course. A comfortable, relaxed environment with modern study aids is key to helping you progress rapidly. Bloomsbury International is the perfect mixture of the traditional and the modern. We are situated in a beautiful Georgian building; so special it is protected by government order. Inside, although many of the original features remain, the building has been completely renovated and offers 21st century comfort and technology, including wireless computer connections and the latest audio-visual study aids.

Classrooms

Bright and spacious classrooms provide you with the ideal learning environment. Customised classroom furniture and modern multi-media teaching equipment ensure your comfort at all times.

Internet Studio

This is open all day and has free internet access for students. The building also has wi-fi, so you can bring your laptop and access the internet.

Cafeteria

You can eat and relax in the cafeteria, where our catering professionals prepare fresh food for you everyday and are pleased to receive any special requests. The prices in the cafeteria are extremely reasonable. There is also a large flat-screen TV to watch.

Study Centre / Library

There is a large library and study centre with books, DVDs and study materials to help you with your studies.

This is a large multi-purpose space that can seat up to 60 people. It is used for a variety of activities including social programme activities, computer-based learning, presentations and our Monday test room for new arrivals. We also hold our TOEIC exams here twice a month for students wishing to demonstrate their proficiency in English.

Travel Agency

In the same building there is also a full-service travel agency with dedicated professional staff to help you with all your travel needs.

YOUR COURSE

English language is at the heart of everything we do as an organisation. As the international language of business and travel, fluency in English is the goal for millions of people worldwide.

It is the foundation for our students' success at high schools, universities or future business careers around the world.

With Bloomsbury International you choose quality English language training. Courses include short and long term General English, Examination Preparation and Professional English.

General English

These courses begin with assessing your level of English on arriving at the school and defining your strengths and weaknesses. You are then placed in a class at your level. The course covers all aspects of the language including grammar, vocabulary, pronunciation, and reading, writing & listening skills. There is a strong focus on fluency and effective communication, and a major part of this course is activating the passive knowledge that many students already have.

• Standard Courses

Choose between 15 or 20 lessons* per week on our standard courses. This programme of study will help you improve all the key areas you need for greater fluency and is ideal for those who wish to combine study with work or sightseeing. The 15 lesson option is based around a coursebook syllabus and the timetable leaves you plenty of time for other interests outside the classroom. The 20 lesson option extends this to develop your speaking skills through additional conversation practice.

• Intensive Courses

This fast track option offers you either 25 or 30 lessons* per week. It combines the standard course plus an additional 5, 10 or 15 lessons per week. This is the ideal course for those wanting to make the maximum progress in the time available.

* One Lesson = 60 minutes

London has at least 238 free attractions, plus 90 museums and galleries that are completely free to enter. There's nowhere else in the world where you can see so much for so little. You can visit the London Eye, the Tate Modern, or stay outdoors in one of London's beautiful parks.

Restaurants

With an amazing variety of entertainment and artistic choice, London is fast becoming a 24-hour city. You'll find the place alive with productions in every possible type of venue, for every taste. There is a vibrant bar and pub scene with over 5,000 to choose from. There are restaurants from all cuisines to suit all budgets so you can eat your way around the world in just one city.

Sports and Shopping

Whether you prefer watching or playing, there's so much sport on offer in London. The capital is home to some of the world's most famous sporting teams, tournaments and venues. Or if shopping is your thing, over 40,000 shops and 83 major street markets make London a shopper's paradise.

Social Activities

To enable you to make the most of your time in London, develop your English communication skills and make friends, we offer an exciting year-round calendar of social and cultural activities in and out of the school and weekend excursions outside of London. Because we appreciate that London can be an expensive city for some students, we endeavour to provide as many free or low-cost activities as possible. However, there may be charges for some events which you may wish to participate in.

A typical weekly schedule of paid events and approximate costs are:

- One theatre trip: £20 - £25 (group discount)
- An exhibition in London: £7 - £15
- A one-day weekend excursion: £25 - £50

YOUR ACCOMMODATION

Our research shows that accommodation is one of the most important aspects in determining students' overall satisfaction of their studying abroad experience.

At Bloomsbury International, you are offered a range of accommodation choices. We advise you to check the options carefully and make the right decision for you. We will help you make the right decision and our service continues when you have arrived in London - we will always do everything we can to make you comfortable and happy.

•Homestay

When most of our students first arrive in the UK, they choose to stay with one of our specially selected families, where a warm welcome is guaranteed. This offers a very good opportunity to learn about life in the UK and to practise English at the same time.

In a homestay family you can have your own room or share with a friend. You will have use of all essential facilities including the kitchen & bathroom and you will eat your meals together with the family. (You can choose to have breakfast only or breakfast and dinner every day).

All our homestay accommodation is checked by the Accommodation Officer to ensure that it is of a good standard. Host families are given strict guidelines about the services they provide to ensure all our accommodation meets the same standards.

We have homestay accommodation in different parts of London. You can choose to live in central London (zone 2) where the door-to-door travelling time to school is approximately 30 to 40 minutes or you can stay in suburban London (zones 3 or 4) where travelling time is around 60 minutes. For a supplementary fee, it is also possible to have a private bathroom.

•Student Flatshare

If you would rather have a little more independence or prefer to cook for yourself, then a student flatshare could be the best choice for you. We have a selection of different properties so you could be sharing a 2 bedroom apartment or a large house with 6 other students. Student flatshare is a fantastic opportunity to meet and live with new friends from all over the world.

•Residence

The student residences are in central London (no more than 25 minutes from the school). Rooms in the residence are clean and comfortable, and you can choose between single or twin. Bathrooms are shared. Breakfast is included.

Our Host families, Flatshares and Residence are all provided by our partner agencies who are specialists in providing quality accommodation to overseas students.

At Bloomsbury there is always something interesting to do and it's easy to check events on the website. We loved the trips out of London to Cambridge and Bath and the sports activities like volleyball, tennis and swimming are good too, if tiring! At night you can go to the pub or theatre and we've even had Salsa lessons!!
