even if you are not in the class. I have improved my English skills more than I ever thought I would. The school is so experienced classifying the students according to their right English level.

I was so happy to study in BSC then I decided to continue my studies in Hove College which is the sister school of BSC. Now, I am studying Creative Communications at Hove College.

Innovative Approach

We use an innovative, communicative approach to teaching. Lessons are fun and interactive with a high level of student involvement. As well as using stimulating and contemporary materials, we employ a variety of different methodologies. We believe that a warm and friendly environment is essential for effective learning and our commitment to high standards of achievement ensures that your time at the school is a rewarding experience.

Centrally located premises, first-class learning facilities, advanced teaching methodology, talented teachers and multi-cultural environment – these are just some of the advantages of choosing our award-winning schools.

Individual Assessment

You will be individually assessed both on arrival and throughout the course. We give you a written and oral test on your first day and monitor your progress regularly. If you have achieved satisfactory attendance (85%+), you receive a certificate and a report signed by Academic Management at the end of your stay. These are very useful tools to show employers when looking for a new job.

High-Quality Teaching

We keep our teaching team up-to-date with the latest ideas in EFL teaching in a number of ways. We have staff meetings every week and training sessions (every other Friday afternoon) when we introduce new ideas and techniques as well as discuss the particular needs of students who might be having problems, and plan for the future. We believe that these regular meetings are essential in order for us to provide a high level of professionalism and care for students.

We provide our students with a number of comprehensive options in General English courses.
