Welcome to Tti School

The Tti Approach

Here at Tti the primary aim of all our classes is to improve communicative ability. In order to achieve this in the classroom, we develop the four skills of speaking, listening, reading and writing. We will also work on improving your grammatical understanding of English, your pronunciation and increasing your vocabulary. This is done using a wide range of techniques and activities.

At each level you will follow a course book which is used as a framework and is supplemented by other materials, cassettes and videos. You will use English in practical everyday situations and we will do our best to make sure you learn the kind of language that will help you succeed in the world today.

Our teachers are all highly qualified and experienced native English speakers. Many are also Teacher Trainers and teach on our TEFL (Teaching English as a Foreign Language) courses here at the school.

Our teachers have been chosen because of their friendly, approachable personalities as well as their teaching expertise.

Our Director of Studies is here to make sure you achieve your goal of learning English. She will assess your language level on arrival and place you in the most appropriate class. Throughout your studies she will be available to answer any questions and to discuss your progress.

The Learning Environment

We are very proud of our school environment - it is colourful with a great atmosphere. As well as large comfortable classrooms, we have many resources within the school for you to use after your lessons have finished.

In the study lounge you can:

- Do your homework
- Surf the internet
- Keep in touch with home via e-mail
- Use our computers
- Use the self-access programmes
- Listen to story tapes
- Do exam practice papers
- Play chess and other games
- Or simply relax and chat to your class mates - in English of course!
- Upstairs you can watch English T.V. or take a video from the library to watch with your friends
- In the Coffee Bar we have a bottomless pot of tea and coffee so you can help yourself at anytime

Tti Social Programme

At Tti we have quite a reputation for parties - it is a great opportunity for students and trainee teachers and staff to get together and have some fun!

Here at the school we also have quiz nights, karaoke, talent nights, live music and theatre. Sometimes we go skating, bowling, to Salsa bars, clubs, or to the cinema just around the corner. There is so much to do in Camden every night of the week.

Once a week you can play soft-ball over in Regent's Park with the teachers and students. There is a wide choice of gyms just two minutes away from the school, so it is possible to come to London, learn English and stay fit!

Extra English classes free of charge!

For the past 18 years we have been a Teacher Training Centre.

We run TEFL Courses every six weeks and students enrolled at Tti can come along to our Training Classes free of charge. This is a very useful and enjoyable way of getting extra English practice.

These classes take place on Wednesday and Thursday evenings from 6.30 - 9.00 pm

After class you have the opportunity to socialise with this large group of English people (we train 30 new teachers every six weeks!)

Tti Location of the School

Tti School of English is two minutes walk away from Camden Lock market and Camden Town underground station.

"I really enjoy studying here and I love the atmosphere!"

*Yayoi Chuman
from Japan*

As well as Camden Lock Market being one of London's top tourist attractions, we have a wide range of entertainment on our doorstep. There are many clubs, pubs, restaurants, all just around the corner from the school.

We are only a ten minute bus ride away from the very heart of London with the attractions of Covent Garden, Piccadilly Circus, Oxford Street etc.

Accommodation

We can make your stay in London as stress-free as possible by organising your accommodation for you.

Just 10 minutes walk from the school there are many hotels and hostels, which fall into categories to suit your budget and needs. Or if you prefer the complete English experience we can arrange for you to stay with an English family.

Opening A Bank Account

We have an arrangement with our school bank for our students to be able to open bank accounts during their stay in London. All you have to do is pop into reception and we will take care of the administration and explain the requirements.

Visa Applications

We are able to provide all the necessary documentation for visa applications once you have enrolled at our school. If you are enrolling from abroad we can supply you with everything you need, with an understanding that your fees will be refunded if your visa is not successful for any reason.

Finding A Job

We can help you with this and put you in touch with a number of agencies. As a full-time student you are allowed to work for 20 hours per week and we will be happy to assist you with all the paper work involved in getting a job in London.

General Help

Anytime you have a problem you can pop into reception where there will always be someone to help you, no matter what your problem may be. We want you to be happy while studying with us at Tti.

"The business English course at Tti is excellent. It has really helped my work, I'm so glad I did it!"

Walter Villas-Boas
from Brazil
